Portable Power!

3.6kVA AVR GENERATOR WITH REMOTE START*

• Tough • Safe • Versatile • Portable

The latest addition to the Dunlite range, this generator is safe, versatile and portable. Automatic voltage regulator (AVR) generators are ideal for use when stable power is required to start sensitive equipment such as electronics or electric motors. The 2-wire remote start allows the generator to be started from a switch remotely. The remote start feature makes this unit ideal for a wide range of home back up and professional applications.
